\* Joyce rights may be diverted either at the Joyce diversions on Sinker Creek, or through Murphy Mutual Canal. When any portion of the Joyce rights are being diverted through Murphy Mutual Canal for use outside the Sinker Creek drainage, Joyce shall cause to flow down Sinker Creek sufficient flows to satisfy rights ranked 3 and 4, and that portion of right no. 7 equivalent to 0.97 cfs.

\*\* Hulet right no. 57-00181 recommended in Snake River Adjudication in the amount of 54.4 cfs, based on actual canal capacity.
