CONVERSATION MEMORANDUM #
Catherine Creek Water Dist. 57B

DATE 2/19/96
FILE # 57B Water Dist.

NAME OF PARTY John Jones - user.

EMPLOYEE J. Westra

RE: Catherine Creek Deliveries

Mr. Jones called to request that someone from the Dept. meet
with users to review the water rights on the creek. The district
has few measurement devices. I indicated, that unless measurement
of flows are implemented, management is almost impossible, but
I would forward the request to the Regional Manager.
