RE: Water District 45-K, Cottonwood Creek

Dear Sirs;

I have been told that you are serving as the watermaster for Cottonwood Creek this year, but have received no written confirmation of this from the water district. Therefore, no watermaster was appointed; the district is considered inactive, even though it has always been active in the past. The only way to change this is to provide us with a copy of the minutes of their annual water meeting, and an adopted budget. If the district wants to reactivate, let me know so that I can provide the proper forms (budget forms are available, but there are no forms for recording the minutes).

Regards,

Jim
