Water District: 45-B, Birch Creek

Dear Watermaster;

We are returning your 1994 watermaster report for correction. Based on the adopted budget of \$5000. and a total delivery of 808.57 acre feet, the cost per acre-foot delivered is \$6.1837. A check of the watermaster report shows a wide variation in the acre-foot cost used to determine the actual delivery cost for the various users. Even though Clydine Fonsbeck used no water, you show a cost of \$510.92 instead of the \$20. minimum charge. While the adopted budget was \$5000., you show an actual delivery cost of \$6500.; this is not possible.

These errors need to be corrected. If you need assistance, please feel free to contact me.

I noticed that you show a water district 10B on your report. There is no such district.

Sincerely,

James E. Stanton
Sr. Water Resource Agent
