Water District: 45-A, Basin Creek

Dear Mrs. Beams;

As you have been elected as watermaster of your district for 1998, an oath of office is enclosed. Once we receive your notarized, your certificate of appointment will be issued. Your district has no watermaster until you are appointed, as no watermaster was appointed last year. While not required, our watermaster's daily record book is useful in recording your water deliveries. Whatever method you use for this, your records must be turned in at the end of the season along with your watermaster's report. One book is enclosed for your perusal; let me know if you need more.

Regards,

James E. Stanton
Sr. Water Resource Agent
