Dear Mrs. Beams;

We have received the minutes of this year's water meeting, which state that you have been elected as watermaster of your district. You are not a legal watermaster unless appointed by this Department, however, so an oath of office is enclosed for your use. Once I receive your notarized oath, a certificate of appointment will be issued. As watermaster, you are also required by law to complete a report of deliveries at the end of the irrigation season; two copies of the report form are enclosed for your use. You will also receive proposed-budget forms prior to next year's water meeting, which you will need to complete and take to the meeting. A copy of the proposed budget also needs to be sent to this office upon completion. Since your district has apparently decided to become active again, these documents must be submitted annually by whoever is watermaster or expects to be watermaster for the following year. If I can be of assistance, feel free to contact me.

Regards,

James E. Stanton
Sr. Water Resource Agent

Dear Mrs. Zollinger;

We have received the minutes of this year's water meeting, and your 2001 adopted budget. A date-stamped copy of the minutes is enclosed for your records. I have sent the necessary forms to Mrs. Beams so that she can be appointed and can file the required end-of-season report with this Department. In the future, please submit the minutes and adopted budget as soon as they are completed after the water meeting, as a watermaster cannot be appointed until we receive these items.
