**Subject:** Water Dist 45F, Apprv Budget!

David,

I left a voice mail on your answering service at 12:40 yesterday pertaining to the approved budget, having a problem. You did not get back to me. I also notified IDWR of a problem on Doug's voice mail. Talked with Cassia County to hold up processing of the assessment until it can be resolved.

The problem is you have one person being billed when the bill should be to the other ( Leroy Robinson verses Roy Robinson). Earl Warthen Non consumptive, being billed as you have it verses what was discussed by both the District Bd members and also what was discussed with Water Resources (Al Merritt/Doug Jones prior to your meeting with them).

Also you have individuals being consolidated as one bill for different streams, which is not the way the decreed users in the past or currently being registered on water today.

Please, the above mentioned items need corrected before the assessor issues out the billing to the users in Marsh Creek Water District 45F.

Don G. Gunderson,  
Watermaster 45F
