FROM: Jim Stanton

SUBJECT: Clear Creek Water District

Per your request, I just called District 43-B Watermaster Robert Hope. He has tried to contact Vern Kempton in Utah without success. He called both Kempton and Kempton's folks this morning, but nobody was home. He did say that Clear Creek is a totally separate district from his, with its own budget, etc. He also mentioned that the 43-B meeting will be at 1:00 pm January 21, with the Clear Creek meeting following at 3:00 pm. The 21st is a Tuesday instead of the traditional Monday, however, so I wonder if this is correct. Hope said he would continue his efforts to contact Kempton.
