Re: WaterDistrict 43-B, Upper Raft River, including Clear Creek
1998 Annual Meeting

Department of Water Resources
Cody, Idaho

Dear Water User,

The enclosed post card provides notice of the date, time and meeting place for the 1998 annual meeting for Water District 43-B. The department has mailed this same notice and letter to each Upper Raft River and Clear Creek water right holder in Idaho. Please note that only one meeting and time has been designated for the water district, which includes both Upper Raft River and Clear Creek users in Idaho. The department is not designating a separate time or meeting for Clear Creek users as it did last year. All Clear Creek and Upper Raft River water right holders in Idaho should attend the meeting at the time shown on the attached post card.

The district advisory committee and secretary have indicated a preference for a meeting agenda which first addresses normal business of the district. If necessary, issues concerning Clear Creek which require further discussion or attention may be addressed later in the meeting. IDWR is not organizing any specific meeting with the Utah Department of Water Resources, or any type of joint meeting between Idaho and Utah Clear Creek water users. However, IDWR representatives are willing to be available and meet with Utah water users or officials if there is an interest or need. If such a meeting is held, IDWR would prefer it be scheduled for the same day and place as the Water District 43-B meeting, but at a time that does not conflict with the same meeting.

Thank you for your cooperation.

Sincerely,

A handwritten signature in cursive script that reads "Tim Luke".

Tim Luke
