Water District: 43-B, Upper Raft River & Clear Creek

Dear Mr. Sundberg;

We have received your 2000 watermaster's report and your signed oath of office as watermaster for 2001. The report is being returned to you for correction. The total cost in Column 2 is different than the total cost shown in the summary area on the right side of the form; these two amounts should be the same. Several people are listed as water-right owners that were not shown on the adopted budget, but the report shows adopted-budget amounts for them; how is this possible? With the exception of Bruce Durfee, all of these additional people used no water. For him, you show a cost of \$10.99, an adopted budget of \$40, and a credit of \$40; this does not appear to be correct. By definition, all credit amounts are unused; I didn't understand the significance of just adding up the credit amounts for these additional users.

Your certificate of appointment as watermaster for 2001 is enclosed. Since you turned in two daily-record books for last year, two new books are enclosed. If I can be of further assistance, feel free to contact me.

Regards,

James E. Stanton  
Sr. Water Resource Agent
