WATER RESOURCES

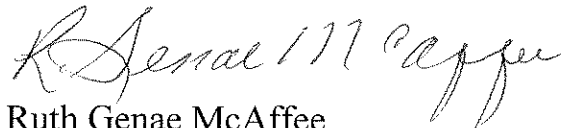

Dear Sirs:

Please consider this letter as an appeal or protest to the order sent July 12, 2004 concerning the mitigation and cease and desist order for well owners of Water District 34. We would like to see further information gathered as to the nature of ground water in our area. Given time for a study we think this matter could be worked out in an equitable manner without turning off everyone's water and losing all those crops. Please schedule a hearing for us, if that is what needs to happen.

Sincerely,

Ryan G. McAfee
