Concerning water delivered in Water District 41 in 1999

Water was plentiful in all areas of the district this year. Because of this as is the custom here, all ditches ran at their six inch measurement in the measuring box, plus the extra they wanted and could handle.

I never came up short of water at the lowest measuring device, so I never had to cut any ditch down. The water delivered in the report was based on their arbitrated amount delivered from the 1st of May to the 30th of September.

The tradition of letting the ditches take all the water they wanted until water came up short in the valley was followed again. This year water never came up short.

James Robinson
Watermaster
District 41
