

10/6

Lori

GOT 63-S test running 10:45 am

Ed (343-8605) will be at 9 am
at 4 pm today thru Monday.

Will need to get his detectors
from test for your Tues am.
✓.

Can coordinate w/ him & Tues. to
see what to do.

For Dept ✓ :

minimum of shed parameter data
plus Teatling flowmeter data (rate
& totalizer). Teatling sparklers in use?

Also - please give attached copy to Ed
for his info on how 1993 billing
was determined.

P.S.

IF Ed thinks you
should ✓ you pit
well will need his
w/m key to open
each day. If so,
may as well get all
his w. district keys
& Tues. since he's
testing town & next
Thurs.
