prior to hearing

Ken has partial data from Ed T., no way to electronically convert to IBM dbase.

not sufficient info to really analyze/model.

Won't be able to provide summary to W.R. < 5/16 hearing.

c Hearing - Ken → Tech. adv. for questions that he sees as needed (prob. better than being witness)

Paul → wants attend some/all & will note anything that has questions c.

Jr → legal address

Att. can leave several open c End of try to submit more info as needed.

Ken's letter of procedure of try. process (can't be prelim. order that - just as order finally, Ken) so let know try = begin, not end, of process

e Letter to Karl:

Paul: lack of data not helpful

high quality data v. useful @
