TO Lori Gruen

SUBJECT Stralun/Nelson Well - IF COMPLAINT FILED

If we receive complaint re this well, note that 42-1601 & 1602 require adequate controls. I don't know how/ie depts can pursue "immediate SRBA Review" but can use Chpt. 16 to get controls on well. might be more useful than some type of SRBA review which only notes at use up to date claim filed.

the "good summary memo - don't forget the "50/50 billing" method adopted for this district.
