George Andrade
3307 Tamarack
Boise, ID 83703

Dear George,

I would like to begin the rounds of monthly measurements in Ground Water District 63S on Tuesday, June 3. I plan to conduct measurements on the first Tuesday of each month. Enclosed is my proposed plan for conducting the measurements, and a map showing the locations for the geothermal wells and spring in 63S.

Let's plan to touch bases in late May/early June regarding the possible solutions for measuring the discharges from your well, and for providing a way to shut-in the well in the case of a call for water. If you have any questions, please call me at 327-5455.

Sincerely,

A handwritten signature in cursive script that reads "Ken Neely".

Boise, ID 83701

Dear Mr. Marshall:

I would like to begin the rounds of monthly measurements in Ground Water District 63S on Tuesday, June 3. I plan to conduct measurements on the first Tuesday of each month; if you have a conflict with this, please let me know. Enclosed is my proposed plan for conducting the measurements, and a map showing the geothermal wells and spring in 63S.

I will plan to call you before June in order to make any necessary arrangements regarding keys for access to the well head, data loggers, etc. If you have any questions, please call me at 327-5455.

Sincerely,

A handwritten signature in cursive script that reads "Ken Neely".

Boise, ID 83703

Dear Mike:

I would like to begin the rounds of monthly measurements in Ground Water District 63S on Tuesday, June 3. Although your well is not scheduled to be monitored at this time, I have enclosed the proposed plan for conducting the measurements, and a map showing the geothermal wells and spring in 63S. If you have any questions, please call me at 327-5455.

Sincerely,

A handwritten signature in cursive script that reads "Ken Neely".

Ed Squires
Hydro Logic, Inc
1002 W. Franklin Street
Boise, ID 83702-5431

Dear Ed:

I would like to begin the rounds of monthly measurements in Ground Water District 63S on Tuesday, June 3. I plan to conduct measurements on the first Tuesday of each month. Enclosed is my proposed plan for conducting the measurements, and a map showing the geothermal wells and spring in 63S.

I will plan to call you before June in order to arrange to meet you at the Flora location (36th and Hill), which is to be my first stop. Would it be possible for you to supply me with keys for any well houses that are typically locked, and with equipment for downloading dataloggers? If you have any questions, please call me at 327-5455.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken'.
