Department of Water Resources

March 19, 2003

Dear Mr. Saxton:

As chairperson of the Stuart Gulch Water District (District 63-5), I am writing to request the approval of Ken Neeley as our District's watermaster. Ken was named for consideration to our members with an overwhelmingly positive response from everyone. It is our understanding that Ken knows the District and already performs many of the recording tasks.

This has previously been discussed with Norm Young and Ken Neeley. Should you have any questions, please contact Ken Neeley, Lori Graves, or Gary Spackman.

I would also appreciate any help or suggestions you might have pertaining to salary and mileage. Ken estimates that serving as watermaster will take 4 to 8 hours monthly.

Thank you for your consideration,  
Garnette Monnie

Next Transfers resulted in need to re-activate WD  
has been contacted mtg in September, Advisory committee  
formed, supposed to meet in December, but did not  
really meet again - purpose to select Winstan  
they need to have the 2003 meeting  
Have not had their annual meeting, writing  
to see what EDWR will do in request of appointment  
Ken.

Monday, 3/3 Ann. mtg was cancelled.
