Boise, ID 83712

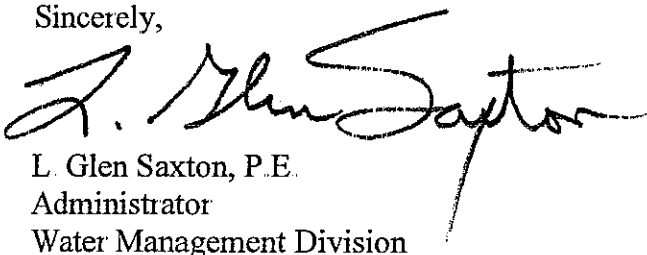

Dear Mr. Squires:

Ken Neely of this office has advised me of your proposed plans to conduct a short-term well test at the Terteling Ranch Motorcycle Club well in Boise. In order for the Department of Water Resources to be able to review and evaluate the proposed test, we request that you submit a written prospectus of the test. Much of the requested information was in the email that you previously sent to Ken, however, the department would like to have the information in the form of a letter accompanying the prospectus. The additional information requested includes the following:

1. A general description of the test including purpose, timing (start up and finish dates), anticipated discharge rates(s), and total volume discharged.
2. The water right authorization including the location of the point of diversion.

If your client is willing to release data obtained from the test, the Department would appreciate receiving data collected during the test as well as your interpretive report. If you have questions about the nature of the information requested in this letter, feel free to contact Ken at 327-5455.

Sincerely,

L. Glen Saxton, P.E.
Administrator
Water Management Division
