Schedule 630 day not
conduct by ...
his help.
Dave T _____ *2/28* ✓

I have briefly
discussed this
w/ Steve L.

Section 42-604 provides th
changes to water district bound

- The Director must sen
users within the district
the reasons therefore and

- The mailing of notice
the hearing and a written comment period of 10 days
the hearing must be provided. (I see no reason to publish
notice in this case since a mailing would be more cost
effective than a two week legal notice).

Yes
2-16

Do you want Western Region to schedule and/or conduct the
hearing? I assume it will be in the nature of a fact-finding
hearing with a presentation by the petitioner and potential
response from other parties. Subsequent to the 10 day response
period after the hearing, I guess the hearing officer would issue
a Recommended Order.

Comments or ideas?

Yes.

WYJ

per our telephone conversation.

WYJ
2-16

Section 42-604 provides the following changes to water district boundaries:

- The Director must send notice to users within the district describing the reasons therefore and the time and place for a hearing.
- The mailing of notice must be at least 10 days before the hearing and a written comment period of 10 days after the hearing must be provided. (I see no reason to publish notice in this case since a mailing would be more cost effective than a two week legal notice).

Do you want Western Region to schedule and/or conduct the hearing? I assume it will be in the nature of a fact-finding hearing with a presentation by the petitioner and potential response from other parties. Subsequent to the 10 day response period after the hearing, I guess the hearing officer would issue a Recommended Order.

Comments or ideas?

yes.
