Re: Diversion in Little Canyon Creek

Dear Interested Party:

Dan Nelson of the Idaho Department of Water Resources (IDWR) visited the diversion site as requested. Watermaster Jim Allen accompanied him. Apparently a high water event caused problems related to this diversion.

A copy of Mr. Nelson's field report is enclosed as requested. As noted in the report, follow up action by IDWR is not warranted at this time.

Please contact this office if you have any questions. IDWR forms and information are available on the Internet at www.idwr.idaho.gov for your convenience.

Sincerely,

A handwritten signature in cursive script that reads "Steve Lester".
