

MEMORANDUM

TO: WATER DISTRICT 61C AND 61E FILE

FROM: DANIEL A. NELSON

DATE: 1/10/06

SUBJECT: 2006 WATE DISTRICT MEETING

I attended the water district meeting for Cold Springs Creek and Bennett Creek water districts on 1/9/2006. The meeting was fairly short. They re-elected the same officers including the watermaster. They did increase the watermaster fee per trip to \$75.00 per trip and gave him 48 hours to respond to a call. They also proposed new Bylaws or Articles of incorporation. These Bylaws were not voted in at the meeting, but they will be mailed out with requesting approvals from their membership.

The meeting went by with very little discussion, other than the business of officers and the budget, and approval of the bylaws.

PLEASE NOTE: The district did not submit a watermaster report, because the watermaster was not called out in 2005. Everyone got along, and there was no need for a watermaster this year.
