

8/28

Talked to Mrs. Faddis, Peggy Elaine,
8/27. She thought they filed an
Ag claim for one acre in 1993 or 94
formerly owned by Bill Belknap.
She will look for paperwork but is
going in for minor surgery 8/28 and
may not get to it right away.

I didn't find any receipts for
Ag claims. I found W.R. #
63-4718 for one acre in the
name of Bill Belknap which was
never filed on. This may be what
they are referring to.

I found nothing else in our files -
"on hold" or "temporary" status.
