Re: Final Order Revising Boundaries of Water District No. 120
Notice of Water District No. 120 Annual Meeting
Notice of Hearing to Expand Water District No. 120

Dear Water User,

Enclosed is a Final Order Revising the Boundaries of Water District No. 120. Specifically, this order modifies the district by adding ground water rights located in certain portions of the Idaho Department of Water Resources' (IDWR) Administrative Basin No.s 25 and 35 overlying the Eastern Snake Plain Aquifer (ESPA). IDWR held a hearing concerning this matter on February 1, 2006 in Idaho Falls, Idaho. Notice of the hearing was sent to all affected right holders on January 13, 2006.

Attached also is an information sheet that explains options for responding to final orders. Please note that any party subject to the order may file a petition for reconsideration within fourteen (14) days of the order, which is the date of this letter. The Department will act upon petitions within twenty-one (21) days of their receipt.

The Water District No. 120 2007 annual meeting will be held as follows:

2:00 p.m., Monday, February 12, 2007

Blackfoot City Council Chambers

157 N Broadway, Blackfoot, Idaho

The water district meeting is necessary to elect a watermaster, select an advisory committee and adopt a budget for the operation of the district.

Also attached is a Notice of Hearing to Expand Water District No. 120 to include ground water rights in that portion of Basin 27 overlying the ESPA. This proposed expansion could not be included in the prior Water District No. 120 expansion hearing since interim administration of ground water rights in the effected area was not authorized by the Snake River Basin Adjudication District Court until December 21, 2006.

Please contact this office, the IDWR regional office in Idaho Falls at 208-525-7161, or the Water District No. 120 watermaster, Ernie Carlsen, also located at the IDWR office in Idaho Falls, if you have any questions concerning this matter.

Sincerely,

Tim Luke
Manager, Water Distribution Section

Enclosures: Final Order
Information Sheet
Notice of Hearing Regarding Expansion of Water District No. 120

BEFORE THE DEPARTMENT OF WATER RESOURCES

OF THE STATE OF IDAHO

IN THE MATTER OF REVISING THE)
BOUNDARIES OF WATER DISTRICT)
NO. 120, AMERICAN FALLS AREA, IN)
ADMINISTRATIVE BASINS 25 & 35)
_____)

**FINAL ORDER
REVISING THE BOUNDARIES
OF WATER DISTRICT NO. 120**

The Director of the Idaho Department of Water Resources (“Director” or “Department”) is required by Idaho statutes to divide the state into water districts for the purpose of performing the essential governmental function of distributing water among appropriators under the laws of the State of Idaho. The requirement to create water districts applies to those streams, or other water sources, for which the priorities of appropriation have been adjudicated by court decree. The Director is also authorized by statute to revise the boundaries of any water district in order to provide for the proper distribution of water among rights diverting and using the water. During the pendency of a water rights adjudication and pursuant to Idaho statutes, the district court having jurisdiction for the adjudication may authorize interim administration of the water rights by the Director under chapter 6, title 42, Idaho Code, if reasonably necessary to protect senior water rights, in accordance with partial decrees entered by the court or in accordance with a Director’s Report with or without modification by the court’s order.

FINDINGS OF FACT

1. On February 19, 2002, the Director issued an order creating Water District No. 120, pursuant to the provisions of Idaho Code § 42-604. The boundaries of Water District No. 120 were originally limited to ground water rights in administrative basins 35 and 41 overlying the Eastern Snake Plain Aquifer (“ESPA”) in the American Falls Area that had been included in a Director’s Report or partially decreed by the Snake River Basin Adjudication (“SRBA”) District Court.. Although, the Director was authorized to propose inclusion of all ground water rights in Basin 35 in Water District No. 120, a portion of Basin 35 within the ESPA lying north of the Bonneville-Jefferson Ground Water District was originally excluded from Water District No. 120.

2. Holders of junior priority ground water rights in Basins 25, 27, 29, 35, and 41 overlying the ESPA entered into written stipulated agreements with holders of senior priority surface water rights from the Snake River downstream of the American Falls area. The signatories to those agreements pledged to work with the Director to expeditiously create or revise the boundaries of water districts to implement the terms of the agreements.

3. On January 22, 2004, the Director issued an order revising the boundaries of Water District No. 120, pursuant to the provisions of Idaho Code § 42-604, to include ground water rights in that portion of Administrative Basin 29 overlying the ESPA.

4. On April 18, 2005, the State of Idaho filed with the SRBA District Court a motion requesting an order authorizing the interim administration of ground water rights (except those whose use is solely for domestic and/or stockwater purposes as defined under Idaho Code §§ 42-111 and 42-1401A(11)) by the Director in Administrative Basin 25. Copies of this motion were mailed to affected water right holders of record on April 18, 2005. The State's motion, supporting briefing, and affidavits are a part of the public record in the matter of revising the boundaries for Water District No. 120 within Basin 25.

5. On July 21, 2005, the SRBA District Court issued an order authorizing the interim administration of water rights by the Director in Basin 25, pursuant to chapter 6, title 42, Idaho Code.

6. On January 16, 2006, the Director mailed notice, by regular mail pursuant to the provisions of Idaho Code § 42-604, of the proposed action to further revise the boundaries of Water District No. 120 to include ground water rights within Basin 25 overlying the ESPA and to include ground water rights in that portion of Basin 35 that were previously excluded from Water District No. 120. Notice was mailed to each ground water right holder of record in those areas of basins 25 and 35 overlying the ESPA and affected by the proposed revision of the water district, as well as all water right holders of record in Water District No. 120. The notice described the proposed action to be taken, the reasons therefor, the time and place of a hearing to be held on February 1, 2006, concerning the proposed action, and provided a time period within which written comment on the action would be accepted.

7. On February 1, 2006, at approximately 8:20 p.m., the Director conducted the hearing on the proposed revision to the boundaries of Water District No. 120 at the Red Lion Inn, 475 River Parkway, in Idaho Falls, Idaho. Approximately 12 people attended the hearing.

8. Prior to commencing the hearing, the Director spent approximately 80 minutes describing the background and purpose of the proposed action and addressing questions. The Director also presented information concerning current and future operations of the District.

9. Persons attending the hearing were provided an opportunity to make oral statements for the record. In addition, the Director held the record open through February 13, 2006, for the submission of written comments.

10. Two individuals presented oral statements for the record at the hearing in Idaho Falls, Idaho.

11. Mr. Jack Lance of Idaho Falls, Idaho presented a statement on his own behalf. Mr. Lance stated that he owns a farming operation in Jefferson County east of the Snake River. Mr. Lance objected to the proposed expansion of Water District No. 120 because he felt that the district should also include ground water wells in or around the Rexburg Bench and Ririe areas.

12. Mr. Randy Skidmore of Idaho Falls, Idaho, presented a statement on behalf of himself and Comore Development. Mr. Skidmore stated that he opposed expansion of the proposed water district because he was not convinced that a large water district was in his best interest. Mr. Skidmore stated that smaller water districts would be more advantageous and provide better control.

13. The Director did not receive any written comments from affected water right holders or other interested parties prior to the close of the comment period on February 13, 2006.

14. The ESPA is defined as the aquifer underlying an area of the Eastern Snake Plain that is about 170 miles long and 60 miles wide as delineated in the report "Hydrology and Digital Simulation of the Regional Aquifer System, Eastern Snake River Plain, Idaho," U. S. Geological Survey ("USGS") Professional Paper 1408-F, 1992, excluding areas lying both south of the Snake River and west of the line separating Sections 34 and 35, Township 10 South, Range 20 East, Boise Meridian. The boundary of the ESPA is shown on the map included as Attachment A of this Order (labeled as the Eastern Snake Plain Aquifer).

15. The water supply from the ESPA is hydraulically connected to the Snake River and tributary surface water sources at various places and to varying degrees. Locations at which a direct hydraulic connection exists between the ESPA and the Snake River, or between the ESPA and water sources tributary to the Snake River, include the reach of the Snake River between the USGS stream gage located near Heise and the USGS stream gage located near Shelley ("Heise to Shelley reach"), located along the northeastern edge of the ESPA in the vicinity of Rigby and Idaho Falls, Idaho.

16. The Department uses a calibrated ground water model to determine the effects on the ESPA and hydraulically connected reaches of the Snake River and its tributaries from pumping a single well in the ESPA, from pumping selected groups of wells in the ESPA, and from surface water uses on lands above the ESPA.

17. The available water supply in all or portions of Basins 25 and 35 overlying the ESPA have at times not been adequate to satisfy some senior priority water rights that are hydraulically connected to the ESPA. In the future, it is likely that the available water supply will be insufficient, at times, to satisfy these water rights.

18. Ground water rights in Basin 25, and ground water rights in that portion of Basin 35 overlying the ESPA and not included within Water District No. 120, currently are not subject to administration through water districts by watermasters.

19. The administration of ground water rights within those portions of administrative basins 25 and 35 overlying the ESPA is necessary for the protection of prior surface and ground water rights.

CONCLUSIONS OF LAW

Statutory Authorities

1. Idaho law declares all surface water, when in natural channels or springs or lakes, and all ground water within the State of Idaho to be the property of the state, whose duty it is to supervise the appropriation and allotment of the water to those diverting the same for beneficial use. See Idaho Code §§ 42-101, 42-103, and 42-226.

2. The Director, acting on behalf of the State of Idaho, has the statutory authority to control the appropriation and use of all surface and ground waters within the state in accordance with, but not limited to, Idaho Code §§ 42-101, 42-103, 42-202(1), 42-220, 42-226, 42-237a.g., 42-351, and 42-602 et seq.

3. Idaho Code §§ 42-226 and 42-237a.g., assign the authority and responsibility to the Director for the administration of ground water rights in the state in accordance with the prior appropriation doctrine as established by Idaho law so as to protect prior surface and ground water rights.

4. The Director has responsibility for direction and control over the distribution of water in accordance with the prior appropriation doctrine as established by Idaho law within water districts to be accomplished through watermasters supervised by the Director, and subject to removal by the Director, as provided in chapter 6, title 42, Idaho Code.

5. Idaho Code § 42-604 authorizes the Director to form water districts as necessary to properly administer uses of water from public streams, or other independent sources of water supply, for which a court having jurisdiction thereof has adjudicated the priorities of appropriation. The Director may also revise the boundaries of a water district, abolish a water district, or combine two (2) or more water districts, by entry of an order, if such action is required in order to properly administer the users of the water resource.

6. In addition, Idaho Code § 42-1417 provides that the district court having jurisdiction over a general water rights adjudication may authorize the interim administration of water rights pursuant to chapter 6, title 42, Idaho Code, prior to the entry of a final decree, in accordance with Director's Reports filed with the court, with or without modification by the court, or in accordance with partial decrees that have superseded the Director's Reports.

Response to Testimony and Written Comments

7. The only testimony provided to the Director was oral testimony at the hearing on February 1, 2006, concerning the size of the proposed water district expansion and resulting size of Water District No. 120. One (1) person testified in support of a larger district and inclusion of additional areas, and one (1) person testified in support of multiple smaller districts.

8. Prior to the taking of testimony at the hearing on February 1, 2006, the Director described those areas within the ESPA that are already in water districts and outlined his plans to include remaining areas of the ESPA in water districts. Specifically, the Director described that the area around Rexburg would be proposed to be included in a separate water district, Water District No. 100. The Director also explained that he was in the process of creating a separate water district in the Mud Lake area, proposed as Water District No. 110, and that he was also proposing to include that portion of Basin 27 overlying the ESPA in the Blackfoot area within Water District No. 120. Ground water rights in the area around Ririe are within Basin 25, which the Director proposed at the hearing to be included in Water District No. 120.

9. The Director has generally proposed that boundaries of the ESPA water districts follow existing hydrologic and administrative boundaries for efficiency and ease of water right administration. Current boundaries of water districts include one or more ground water districts, and generally place water right holders together that share common socio-economic interests and whose diversions of water have similar effects on the ESPA and sources hydraulically connected to the ESPA. Such areas of designation can promote realistic and achievable opportunities for mitigation of impacts among junior priority water right holders.

Revision of District Boundaries

10. Based on the above statutory authorities, the order of the SRBA District Court authorizing interim administration of water rights pursuant to chapter 6, title 42, Idaho Code, and the record in this proceeding, the Director should revise the boundaries of Water District No. 120 to include administration of ground water rights, excluding those rights whose use is solely for domestic and/or stockwater purposes as defined under Idaho Code §§ 42-111 and 42-1401A(11), in those portions of Basins 25 and 35 overlying the ESPA as shown on the map appended hereto as Attachment A to protect senior priority water rights.

11. The Director concludes that the revised boundaries of the water district should be used to administer the affected water rights in accordance with the prior appropriation doctrine as established by Idaho law.

Administration of Affected Water Rights

12. The Director concludes that immediate administration of ground water rights pursuant to chapter 6, title 42, Idaho Code, is necessary, other than for domestic and stockwater rights as defined under Idaho Code §§ 42-111 and 42-1401A(11).

13. The Director concludes that the watermaster for Water District No. 120, with the boundaries as revised pursuant to this order, shall perform the following duties in accordance with the direction and supervision of the Director:

- a. Curtail illegal diversions (i.e., any diversion without a water right or in excess of the elements or conditions of a water right);

- b. Measure and report the diversions under water rights;
- c. Enforce the provisions of any mitigation plans or stipulated Agreements approved by the Director;
- d. Curtail out-of-priority diversions determined by the Director to be causing injury to senior priority water rights if not covered by a stipulated agreement or a mitigation plan approved by the Director; and
- e. Enforce the provisions of any stipulated agreements or mitigation plans approved by the Director.

14. Additional instructions to the watermaster for the administration of water rights from hydraulically connected sources will be based upon available data, models, and the Director's best professional judgment.

15. The Director concludes that the revisions to the boundaries of Water District No. 120 created by this Order may provide for future creation of sub-districts that match the boundaries of existing surface water districts, new or existing ground water districts, canal companies, irrigation districts or other water use entities as otherwise determined by the Director.

16. The Director concludes that Water District No. 120, with the boundaries as revised by this Order, shall include the following organizational features:

- a. Election and appointment of a watermaster for the water district. The water users may elect to have the district contract with the Department to provide watermaster services. Under a contract with the Department, the watermaster will be a direct employee of the Department;
- b. Selection of a Water District Advisory Committee that includes representation from boards of directors of ground water districts or representatives of other water use entities; and
- c. Deputy watermasters may be appointed by the watermaster, with approval from the Director. Deputy watermasters would work pursuant to supervision by the watermaster consistent with instructions from the Director. Deputy watermasters, if any, may be employees of existing water districts, ground water districts, or other water use entities that are located within the boundaries of the water district. Duties of deputy watermasters that are also employees of an existing water district, ground water district, or other water use entity should be limited to measuring and reporting of diversions.

ORDER

IT IS HEREBY ORDERED that:

1. The boundaries of Water District No. 120 in the American Falls Area are revised to include all ground water rights within those portions of Basins 25 and 35 overlying the Eastern Snake Plain Aquifer as depicted on the map appended hereto as Attachment A and incorporated herein by reference, except small domestic and stock water rights as defined under Idaho Code §§ 42-111 and 42-1401A(11) for which authorization for interim administration was not obtained from the SRBA District Court and for which notice of this action was not provided.

2. The holders of water rights within Water District No. 120 will meet on February 12, 2007 at a time and place to be noticed by the Director for purposes of: (1) electing a watermaster; (2) selecting an advisory committee, if desired; and (3) setting a budget and corresponding assessments to be collected for operating the district.

3. The watermaster for Water District No. 120 shall perform the following duties in accordance with guidelines, direction, and supervision provided by the Director:

- a. Measure, collect, and record the diversions under water rights;
- b. Administer and enforce the water rights in priority;
- c. Curtail unauthorized or excessive diversions as necessary (i.e., any diversion without a water right or in excess of the elements or conditions of a water right);
- d. Curtail out-of-priority diversions determined by the Director to be causing injury to senior priority water rights if not covered by a stipulated agreement or mitigation plan approved by the Director; and
- e. Enforce the provisions of any stipulated agreements or mitigation plans approved by the Director.

DATED this 28th day of December, 2006.
