RE: Preliminary Order Revising Boundaries of Water District No. 120,
American Falls Area, in Administrative Basin 27

ATTN: Tim Luke, Manager, Water Distribution Section

Dear Mr. Luke:

I received the notice on Water District No. 120. After reading it, my understanding is that this notice is mainly regarding the inclusion of that portion of Basin 27 overlying the ESPA into District No. 120.

In case I am mistaken, I am concerned about maintaining my water rights on my property which is less than ½ acre located north of Idaho Falls in Basin 25. I sank a pump in July 1979 and have irrigated my lawn and trees using the pump water. I have surface water rights but there are no ditches in the area to transport the water.

I am writing this letter just for the record.

Sincerely,

Adolfo P. Perez
