C.L. "BUTCH" OTTER  
Governor  
DAVID R. TUTHILL, JR.  
Director

August 3, 2007

**Re: Notice Regarding Participation in a Ground Water District as a Nonmember for Mitigation Purposes Only, Surface Water Coalition Delivery Call, Water District Nos. 34, 110, 120, and 130.**

**Affected Right No(s):**

Dear Water Right Holder:

This letter provides notice pursuant to 2006 Idaho Session Laws 1089 that you may need to join a ground water district solely for mitigation purposes to ensure that the above referenced ground water rights are included in a 2007 mitigation or replacement water plan (herein referred to as mitigation plan) approved by the Idaho Department of Water Resources (Department).

**Recipients of this notice have fifteen (15) days to petition to join a ground water district for mitigation of the above referenced ground water right(s) or provide evidence that the right(s) is included in one of several Department accepted mitigation plans** provided by the Idaho Ground Water Appropriators (IGWA) and its member ground water districts, the Idaho Dairy Association (IDA), or the Water Mitigation Coalition (WMC). Petitions to join a ground water district should be filed with the ground water district located nearest the lands to which your right(s) is appurtenant.

A warning letter was sent to you on May 10, 2007 notifying you that the right(s) identified above would likely be curtailed in 2007 as a result of the delivery call made by members of the Surface Water Coalition, comprised of A&B Irrigation District, American Falls Reservoir District #2, Burley Irrigation District, Milner Irrigation District, Minidoka Irrigation District, North Side Canal Company, and Twin Falls Canal Company. Fortunately, curtailment of junior ground water rights was avoided this year as a result of the mitigation plans provided by IGWA, IDA and WMC. Your water right(s) may not be covered by one of these mitigation plans.

The above referenced right(s) may not currently be included in a ground water district because it is either located outside the boundaries of a ground water district or is used for non-irrigation purposes. Other recipients of this notice include members of the Jefferson-Clark Ground Water District and the Carey Valley Ground Water District, both organized in November, 2006. IGWA has advised the Department that these ground water districts are not yet IGWA members. These two ground water districts therefore are not covered by IGWA's 2007 mitigation plan. If you are a member of one of these ground water districts you will need to work with the district to assure that the above right(s) are included or covered by the IGWA mitigation plan.

August 3, 2007

Page 2

The Director of the Department may take any appropriate action within his authority to assure that recipients of this letter and the right or rights identified herein are covered by an approved mitigation plan. If your right(s) identified in this notice have already been included in a ground water district for mitigation purposes or is included in another approved mitigation plan, then please contact the water district watermaster directly or have the ground water district or other mitigating entity contact the watermaster with verification regarding inclusion of your rights. Generally, a petition for annexation or inclusion of rights in the ground water district for mitigation purposes is acceptable.

Maps and contact information for ground water districts can be found on the IDWR website at: [http://www.idwr.idaho.gov/water/districts/other\\_water\\_districts.htm](http://www.idwr.idaho.gov/water/districts/other_water_districts.htm) . Information pertinent to all orders and correspondence concerning the Surface Water Coalition delivery call can be found on the IDWR website at: <http://www.idwr.idaho.gov/Calls/Surface%20Coalition%20Call/default.htm>. The delivery call was made under the Department's Rules for Conjunctive Management of Surface and Ground Water Sources (IDAPA 37.03.11). This notice has been sent pursuant to the Director's Order of May 2, 2005 issued in response to the Surface Water Coalition delivery call and Legislative House Bill No. 737, 2006 Idaho Session Laws 1089, adopted by the Idaho Legislature in 2006.

Sincerely,

David R. Tuthill, Jr.  
Director
