Dear Mr. Miller:

I am writing you concerning our property in Basin 71 known as the Lost Creek Water Source Water Right #71-10103. Ownership shows as the D.R. Pingree Jr. LLC and is Lost Creek and Unnamed Stream Tributary to Lost Creek. We as the property owners have a small summer recreational cabin on the property. We do not currently divert water and have no plans to do so.

We respectfully request to be exempt from the IDWR's preliminary order of installing measuring devices and head gates for this property as we do not divert any of this water or do any irrigation on this property.

Kindly contact me if you have any questions. Thank you for your consideration.
