Lyle Hutchison

HC 61, Box 3039

Challis, Id. 83228

My name is Lyle Hutchison and my water right number is 72-4133. This is my submission of plans for a measuring device on my diversion. I already have a lockable headgate at my diversion, right at the diversion point on the river. It has a wheel and screw raising and lowering a steel headgate against a wood wall and a steel culvert. My plans for a measuring device call for installing a Parshall Flume in a suitable spot below my headgate. I don't have the measuring device yet but plan on having it over.
