RE: SHARED WATER RIGHT WITH ROBERT R. SIMMONS

Dear Bob,

My property is for sale with a pending offer to close within the next 6 weeks.

I have a water right to a spring that is shared with Robert Simmons. In the last few years Mr. Simmons has taken all my PVC pipe from the spring out and enlarged his to fully control the runoff. He has enlarged his pond with this water. He indicated to prospective buyers that the water rights have been sold to him. After carefully going through all my records there is no documentation to any such agreement.

Please assist us in clarification of our shared spring right. If IDWR has any documentation of such a binding transaction, please forward that document to me or my Real Estate Agent. Disputes need to be handled prior to upcoming sale.

Your attention in this matter would be greatly appreciated.

My agent is Shirley Stroud at Hometown Realty. Her address is PO Box 1069 Salmon, ID 83467.

Sincerely,

Linda K. Stricklan
