Dear Sirs:

On August 24, 2001 representatives from this Department conducted an on-site exam and measurement on your irrigation well listed in water right #73-702. This on-site visit was prompted by questions posed by other water users in your area.

License #73-7025 is for 2.12 cfs and 106 acres. Expansion claim #73-10064, from the same well is for an additional 105 acres but no additional water. This then totals 211 acres and 2.12 cfs.

Measurements made by the Department show a total of 4.06 cfs was being diverted. Approximately 291 acres were being irrigated by the pivots plus another group of acres carrying well water via a ditch.

Both values measured or observed exceed the allowable amounts under your license and expansion claim.

Therefore, you are requested to Show Cause why a Cease and Desist Order should not be issued in this matter.

You need to respond within 14 days of receipt of this letter on this issue.

Sincerely,

Harold W. Jones
Water Resource Supervisor
