Dear Mr. Lemmon:

The water users of the Brailsford Ditch Company are ready to receive their water for the 1994 season. We request that you notify the Federal Fish Hatchery of our call for water on March 15, 1994. We call for our 18 CFS less 3 CFS that the State Fish Hatchery will not be needing until a later date.

Thank-you for your help.

Sincerely,

John Mavencamp  
President
