RE: Curtailment of Ground Water Rights with Priority Dates Later than December 28, 1973, Located in Water District No. 130, Thousand Springs Area

Affected Right Nos: «rights»

Dear Water Right Holder:

The records of the Idaho Department of Water Resources (IDWR) and Water District 130 indicate that you are the holder of one or more consumptive ground water rights bearing a priority date later than December 28, 1973. **On May 19, 2005, the Director of IDWR issued an order directing the watermaster of Water District 130 to notify holders of consumptive ground water rights with priority dates later than December 28, 1973 that their water rights will be subject to curtailment unless they are participants in an approved mitigation plan or plans to offset depletions of flows to Alpheus Creek caused by their ground water pumping.**

The order was issued in response to a call for delivery of water rights held or used by the Blue Lakes Trout Farm, Inc. (Blue Lakes). These water rights authorize the diversion of water from Alpheus Creek located north of Twin Falls. The Director determined that diversion and use of ground water within Water District 130 under water rights with priority dates junior to December 28, 1973 causes material injury to Blue Lakes' December 28, 1973 priority water right. (See Order issued May 19, 2005, *In the Matter of Distribution of Water to Water Rights Nos. 36-2356A, 36-7210, and 36-7427*).

The order affects consumptive ground water rights bearing priority dates later than December 28, 1973, including ground water rights for irrigation, commercial, industrial, municipal, non-exempt domestic use, and other consumptive uses. Non-consumptive uses and culinary in-house uses of water are not subject to curtailment.

The Director's order also affects certain irrigation rights bearing priority dates of December 28, 1973 or earlier if those rights were decreed as "enlargement" rights in the Snake River Basin Adjudication (SRBA). An enlargement right represents a use that was enlarged from an existing valid water right without the benefit of a water right permit, but was later claimed in the SRBA and decreed by the SRBA court with a priority as of the date of enlargement but subordinated to all other valid water rights with priority dates earlier than April 12, 1994.

The Director's order requires phased curtailment of ground water rights if plans for mitigation or replacement water are not submitted by 5:00 p.m., May 31, and/or not approved by the Director by June 6, 2005. Phased curtailment of ground water rights will begin on June 7, 2005 in accordance with the following schedule given in Provision 3 of the Order .

Priority Date of Ground Water Irrigation Rights	Date Ground Water Irrigation Rights to be Curtailed
July 31, 1987 and later (including enlargement rights)	June 7, 2005
February 25, 1980 and later	April 1, 2006
March 9, 1977 and later	April 1, 2007
June 10, 1975 and later	April 1, 2008
December 28, 1973 and later	April 1, 2009

To avoid curtailment, mitigation shall be provided as follows:

1) For Ground Water Irrigation Rights

If you own a ground water irrigation right(s) describing a point(s) of diversion within the boundaries of either the North Snake Ground Water District or the Magic Valley Ground Water District, you must participate in the mitigation plan of the district in which your ground water point(s) of diversion is located.

If you own a ground water irrigation right(s) and are not a member of a ground water district, or if your ground water point(s) of diversion are located outside the boundaries of a ground water district, you are required to participate in mitigation provided by the ground water district nearest your ground water point(s) of diversion. Right holders whose points of diversion are located outside of the boundaries of the ground water district may either join the nearest ground water district as a full member or, if not, you must participate as a non-member in the mitigation plan provided by the ground water district nearest to your point(s) of diversion.

Ground water districts or irrigation districts that represent holders of ground water rights for consumptive uses having priority dates later than December 28, 1973 must submit to the Director of IDWR by 5:00 pm on May 30, 2005, a mitigation plan or plans, a replacement water supply, or substitute curtailment of ground water rights in accordance with Provisions 1 and 3 of the Director's Order signed on May 19, 2005.

2) For Non-Irrigation Ground Water Rights

Holders of *consumptive** non-irrigation ground water rights (commercial, domestic, industrial, municipal, or stockwater) with priority dates later than December 28, 1973 that are not members of a ground water district or irrigation district are not subject to curtailment in 2005 but must provide one of the following actions on or before June 1, 2006 to avoid curtailment at that time:

- a) Join a ground water district as either a full member or as a non-member participant for mitigation purposes only.
- b) Obtain a water right or rights with a priority date earlier than December 28, 1973 pursuant to a water right transfer or temporary change (Section 42-222 and 42-222A, Idaho Code).
- c) Holders of ground water rights for domestic and municipal purposes may use their right of eminent domain to acquire water rights to avoid curtailment (see Article 15, Section 3 and Article 1, Section 1, Idaho Constitution).

* A *consumptive* right is one that does not meet the exemption criteria of Section 42-111, Idaho Code.

Recipients of this notice are also advised that two additional delivery calls are pending before the Director. These calls were filed by Clear Springs Foods, Inc. (Clear Springs Foods), alleging injury to water rights having priority dates of February 4, 1964 and July 8, 1969. Diversion and use of ground water under rights junior in priority to these dates may cause material injury to the Clear Springs Foods water rights, and orders issued by IDWR may require curtailment or mitigation of some or all of the same water rights determined to cause material injury to Blue Lakes. If other orders are issued that affect your water right(s), you will receive a second notice.

A copy of the order signed by the Director dated May 19, 2005 can be found on the main page of IDWR's website at: www.idwr.idaho.gov. At the website, you can also review maps showing boundaries of ground water districts, and find address and phone numbers for the districts. If you have questions concerning the order and this correspondence, please contact the Water District 130 office in Twin Falls at 208-736-3033, or contact the IDWR state office in Boise at 208-287-4800.

Sincerely,

Cindy Yenter
Watermaster, Water District 130

cc: Karl J. Dreher, Director, IDWR
