**RE: Notice of Delinquent Water District Assessment and Notice of Curtailment of Diversions for Failure to Pay Assessment**

Dear Water User:

Attached is a notice of delinquent assessment made against your diversions in Water District 130. This notice of assessment was originally due on April 1, 2004. The assessment was originally sent to Sam Hopkins, trustee for Goedhart & Goedhart Partnership, from whom you purchased this property. However, disbursement for this charge was evidently not provided for at closing. If this charge was to have been covered by the seller, please notify me and then contact the title company which handled the property closing.

Idaho Code Section 42-617 provides for penalties not to exceed 10% (ten percent) of the assessment charge, and interest in the amount of 1% (one percent) per month, to be added to all delinquent assessments.

By resolution passed during the 2004 Annual Meeting of Water District 130, February 10, 2004, and pursuant to Idaho Code Section 42-618, the watermaster is directed to withhold or suspend deliveries of water to any water user who has not paid their assessment charges by January 1 of the year following the billing date.

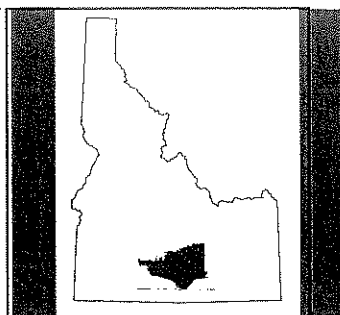

***You are instructed to immediately cease and desist withdrawals from the points of diversion shown, until you have made your 2004 assessment payment, including penalty and interest, to Water District 130.***

As watermaster, I will take appropriate actions to ensure the curtailment of this diversion if the assessment is not paid. If you have questions, please contact me at 736-3033 or 731-0901.
