DEPARTMENT OF
WATER RESOURCES

To Tim Luke,

my name is Brent Morrison im filing this Complaint
to you against Franklin Maple Creek Pioneer Irrigation Company.

my father Joseph D Morrison and Brother Melvin Morrison
went to the yearly Ditch Meeting April 8 2010
when they started asking questions about the Bills the
Pres. Ken Hobbs told them to leave or the sheriff would
be called.

We have asked the Ditch Company several times to show
all Bills. Each time they bring a hand written itemized
list of Expenses not the Actual Bills.

We received a list that shows who was billed but
not all persons with shares are listed. Not all shares are
being billed. only those listed ~~are~~ ^{are} ~~being~~ ^{being} billed.

We have ~~more~~ ^{more} questions like:

according to your state records how many first class shares and
second class shares were there when the ~~the~~ Ditch Company was
founded.

How many first class shares are there now according to current
Ditch Company's records

Has second class shares been changed to first class shares.
There are two ditches Franklin Maple Creek Pioneer and the
Doney Ditch they are split 2/3 Franklin Maple and 1/3 Doney
the Doney Ditch does not get charged by the screen but
we are all charged on both ditches for the screening
Can you please look at this for us Thank you
The Morrisons 1-435-760-1307 cell number
