RE: Water District 37-U, Fish Creek

Dear Lawrence;

Enclosed are two Watermaster Report forms, two Adopted Budget forms, and an oath of office for Ronald Peck. Please return the completed forms to this office, along with your daily records of water deliveries for 2005. I have come to the conclusion that submitting a proposed budget for your budgeting method is probably of little value. The main value of the adopted budget is to show the breakdown of the various expenses; you would probably not even need the adopted budget if the breakdown was clearly shown in the minutes of the annual water meeting (which it was not for 2005). I don't see any point in filling out paperwork that nobody uses.

Once I receive the notarized oath from Mr. Peck, his certificate of appointment as treasurer will be issued. He never turned one in last year, so was not appointed as required by law.

Records show that I did not send you any daily-record books last year, so apparently you don't use them. But 5 books are enclosed per your request; let me know if you need more.

Regards,

James E. Stanton  
Sr. Water Resource Agent
