**MAR 04 2009**

**Department of Water Resources  
Eastern Region**

**Leland reported that the Incorporation paperwork for the Old Ditch had been sent in.**

**Discussion was opened for ditch maintenance items:**

**South lateral needs to be burnt. Check with county to clean culvert crossing Curtis road. Spraying weeds, Beaver dams and backhoe work in the main channel thru Wallace's**

**Discussion was opened for upcoming budget**

**Bruce made motion to leave assessments and usage fees the**

same as last year. \$15.00 assessment per water right. \$7.50 per day for water usage, and \$5.00 per day after water goes below 200 inches. Seconded by Emery Motion passed.

**Water master compensation:**

Bruce made motion to pay water master \$5.00 per stream or \$10.00 a day until water goes below 200 inches then pay \$5.00 per day thru the season. Seconded by Klain Motion passed.

Emery had question on whether the water diversion in Sheldons' place would need to have the water master check it.

Gary Blanchard did another good job as water master.

Klain Made motion to rehire Gary as water master for the upcoming water year. Seconded by Klain. Motion passed  
*Motion made correct minutes*

Bruce made motion to keep the Advisory Committee the same, being the officers and water master. Seconded by Leland. Motion passed.

Morgan was seeking permission to use the north lateral where he would put in a head gate and 100 feet of culvert. It was determined after getting permission from the other water right holders on the lateral, Morgan would need to go to the Water Resources to change his point of diversion. And then come back to the advisory committee before worked was started.

Discussion was had on Klain's pond and water to the Capell's.

Discussion was opened to when we would put the weir in on the south lateral.

Jack Bishard made motion to adjourn
