REMARKS

4/7

Howell is up by observation estimated at 13.50 CFS running which merge Howell Creek water has stood of Mahoney's is where informed - Foreman of pro Harvey's.

Tim taking measurement at Goodman's Cow Gulch and Summit are also into Howell just above Chatterbox Div. been diverted to burrow Pit hole from its going to end up - Have to shut it off - State does not allow this on State

4/10 Catches down a little bit - went above and checked out the Emory - what I did is helping -

Yesterday diverting water back to Creek

4/14 Indul Clark is diverting from Antonio Creek - Ben Obayes has more water running into his Res. than he has coming out. I estimate 400" over ship and 400" thru the bottom - if you can get 400" thru 12" pipe I'll wear it. I estimate total inches coming past Res. 250" - 300"

of Howell & Rose Creek waters they have reached its below Leo Jolley & Robinson's Ranch's. I see Orange Turp at Jolley's, he has got to call, if this continues I will charge him.

4/18 Due to the intermingling of Howell & Rose Creek waters they have reached its below Leo Jolley & Robinson's Ranch's. I see Orange Turp at Jolley's, he has got to call, if this continues I will charge him.

of Howell & Rose Creek waters they have reached its below Leo Jolley & Robinson's Ranch's. I see Orange Turp at Jolley's, he has got to call, if this continues I will charge him.

REMARKS

6/1 Rec'd Call at 06:00 hrs
to try and repair area at
Assist. They ended up doing
a degree of 6.0 CFS with no
taken quite a bit of the m
of creek. Prior to repair

from Slave Bell. He was taking his team in
HA' Division (Burr Ditch). I would be up to
a real good job I was able to turn in the full
problem. Just below diversion Creek has
erlow and eaten the Bank away on SW side.
Volume was at 80/18"

6/2 Clark is getting ready
going to do with Antone?

to dry his hay and cut - here what is he

Goodman - Rec'd 3rd comple
Chalkburn & Robinsons
winning three old hom
and a portion off of the
ground after getting firm
Goodman and we deci
would not guarantee that
time! With what we
over a period of about
Chalkburn (20-25 A/C)

ind on Goodman's water flooding out
Hay - usually to say its the 75-100"
side of Mahoney's off of Rose Creek
Anderson Ranch. Walked Goodman's
division is very saturated got with Wade
decided to cut off his delivery at this time of
I'd have any water for him in weeks
cut-off of his delivery did work.
5 days - But Hay was lost on both
and Robinsons possibly 10-15 A/C

18 Note! Guffs 45-323 is at 3.2 CFS, he never got over went over
a 100" during his call. The 1.80 mark seemed to be where
limited out and started.

REMARKS

7/6 Informed Chris that
the water he has going
to creek. Also, found
had picked up 20 A/C

Redman has no water right and that
to Bonds must exist and return it
out in conversation that Mussemann
off of Clark along the Anderson Rd.
