RESOLUTIONS PERTAINING TO THE TIME AND MANNER OF COLLECTING THE BUDGET AS
ADOPTED AT THE ANNUAL MEETING OF THE USERS OF

WATER DISTRICT No. 11-F

\$10 per CFS will be charged this year.

Debits and credits were explained by the watermaster, Joel Tenschler. He also showed the actual use from the 2009 water year or an estimation where water could not be measured.

The 2010 budget is \$ **3000.00**

\$ 2100.00 - watermaster

500.00 - travel

400.00 - workmen's compensation

400.00 - secretary

Kenneth Rigby made the motion to accept the budget. Bill Parslow seconded it with the understanding that if it takes more than this it should be compensated for next year.

Measuring devices were discussed. The Price, Makoff and Larvall Wisch devices are almost done. Joel Tenschler went down the Thomas ^{Fork} Creek drainage, stating what has been done and what remains to be done. Mag meters and weirs are being put in all along for measuring the points of diversion.

A cost share program was explained to the water users to get help from government stimulus money.
