Concerning water delivered in District 41

In 2009 water was abundant in all drainages, except the Landing Creek. A cut the young rights there on May 16th. All other ditches were taking all the water they wanted until May 21st.

At that time I had to cut ditches to there adjudicated amounts. On May 23rd there were flash floods that continued on and off until the end of June. I billed the ditches that were running on their adjudicated amounts through June, and part of July. In the middle of July, I began measuring the water again, and with some minor adjustments was able to keep all the ditches with the water they were supposed to have. We had floods again in the middle of August, and I pulled the locks around the 1st of September.

A handwritten signature in black ink, appearing to read 'James Robinson', with a stylized flourish at the end.

James Robinson
Watermaster
