Re: Your Letter Dated July 21, 2011 Regarding Southwest Irrigation District Mitigation

Dear Mr. Parsons,

I received the above referenced letter (copy attached) asking "IDWR to identify those owners/users who will be expected to come to SWID/GC for mitigation." I have assumed that your reference to "mitigation" relates to both the Blue Lakes and Snake River Farms Delivery Calls.

Please be advised that I am aware of this need and have already begun putting together a list of ground water rights and owners who may need to participate in approved mitigation plans developed by SWID/GC and other ground water districts in both Water Districts 140 and 130. In fact, I have begun some work to identify the water rights affected by the Snake River Farm delivery call. The list attached to this letter identifies those ground water rights and owners that are located within the Snake River Farm delivery call area and in Water District 140. Please review this list and advise me as to whether the rights are included in SWID and/or assessed by SWID for mitigation purposes.

Please contact me directly at 208-287-4800 if you have any questions concerning this matter and/or need additional information with respect to the attached list and my request.

Regards,

Tim Luke
Water Distribution Section

RE: Southwest Irrigation District - Mitigation
Our File No.: 201

Dear Tim:

Is it possible for the IDWR to identify those owners/users who will be expected to come to SWID/GC for mitigation?

I know this has been talked about for some time and we have different information as to those persons that may have that expectation or that the Department would require them to be involved.

If you could identify those it could be very helpful.

Very truly yours,

**PARSONS, SMITH, STONE, LOVELAND,
& SHIRLEY, LLP**

William A. Parsons
