MINUTES
ANNUAL MEETING
District 36A
March 1, 1993

Meeting started at 1:06 p.m. by Chairman John Lemoyne.

Present were Idaho Department of Water Resource members.

Minutes were read by Dave Bruhn, Secretary. The minutes also stated that the District, this past year, has been registering the Districts concerns.

For the forthcoming year:

It was seconded that John Lemoyne be elected as

secretary since he will be retiring at the end of this year. Dave Bruhn moved that Deloris Cleve Lloyd seconded. Carried.

Dave Bruhn reported on a letter from the Department of Water Resources stating new changes in the law. We can notify our members of the annual meeting by newspaper instead of individual notices being mailed by the Department of Water Resources. If we change we need to adopt a resolution stating this change. Consensus of opinion is that we continue with the individual notices.

Watermaster Budget:

Moved by John Mavencamp and seconded by Cleve Lloyd that the watermaster compensation stay the same and be \$10.00 per hour \$0.30 per mile -- individual requesting service to pay. Carried.

Steve Clelland from the Idaho Department of Water Resources presented information regarding the Law requirements for audit of the books according to Chapter 6 of the Water Code. There is a different requirement for those with budgets under \$3000 or over \$3000.00. John Lemoyne is to check into this further so we will be in compliance.

Election of Watermaster:

Bill Jones moved and Ed Shokal seconded that George Lemmon be elected as Watermaster. Carried.

John Lemoyne mentioned that we have had an advisory committee appointed in the past but the committee has never been active. Consensus of opinion was to wait until needed to appoint another committee.

Meeting adjourned at 1:35 P.M.

Submitted: Deloris Jones
