

***WATER DISTRICT MEETING NOTES***

***DISTRICT # 65B, PORTER CREEK***

***MARCH 3, 2010***

I attended annual meeting today in Horseshoe Bend. Good turnout. Status quo meeting.

Results

Officers, Watermaster, Advisory Committee – same.

Funding – Current balance about \$320, covers 2010 requirements.

Budget – Adopted budget of about \$310 – includes about 260 for insurance & 50 for minimum Watermaster payment (per prior agreement).

Watermaster not present, told members no calls or issues for 2009 season.

Will need assessment in 2011 to raise money for continued status quo operations.

Provided adopted budget & Watermaster oath/petition forms to them.

Considerable discussion about minimum assessment idea and about lack of return flows in lower portion of creek. Increased efficiency by users has led to decreased return flows.

2011 meeting - 1<sup>st</sup> Wednesday of March, 11:00, Longbranch Cafe.
