Little Weiser well - 9"
miles - 16

July 2010

Burkhart + I looked at ogle water, seems
that they don't think Tom Grosson will
let them clean there ditch. It looks
like they need to clean the ditch on
there own land before they can
get all there water
miles - 20 - Greys Cr. = $12\frac{1}{2}$ " over weir
