Rich,

Thanks for your contact. As we discussed over the phone, I am scheduling with Dan Nelson to conduct training next Thursday (March 24). Dan or I will call you when we get near Glenns Ferry that morning. We understand you will have many questions, hopefully, by the end of the day after our visit your list will be much shorter. RW

Subject: Your new Watermaster in Glenns Ferry

Good Morning Rob,

Last evening I thumbed through the information I received in the packet. I believe my first and immediate responsibility is to become familiar with the initial distribution of the water as irrigation season is here. I'm anxious to meet Dan Nelson or get together with you again.

There is definite conflict between the Riggs and the McCallums. Whether this involves the Watermaster or is your problem in Water Resource doesn't concern me at this early stage. Since Teresa is President and Elsie is Secretary am I able to rely on Water Resource, without being too much a burden, for direction or just bite the bullet and wade into the strife??

I am retired and relatively free time-wise so am flexible as to when or where you would like to meet. It seems to me that you fellows should be able to point me in the right direction, but please be patient as I may initially have many questions and wanting to remain neutral with all the water district members will rely on you guys until you chase me away.

Waiting to hear from you,

Rich Neal, to-b1ask1@q.com, Home: 366 7425, Cell. 599 4583
