Hello Jay:

Likewise, I was surprised & encouraged by a positive result. I think there is enough momentum & support to make some real progress this year. I'll do my best to set that in motion by coordinating with Brandi & other interested people like you.

It's a big job, but you have already made good progress for your area. That will help as we broaden the effort throughout the water district. Thank you for your hard work & interest in this. Please don't hesitate to get in touch if you need anything.

Regards,

Steve Lester
Interim Western Region manager

Subject: Water 67 meeting

Steve: Thank you for your timely talk and presence at the meeting. I was presently surprised by the positive attitude about measuring water and paying for the Water Master position. A lot of progress was made today. A key to this momentum will be your Department working onsite with Brandi and additional education for her.

Thanks again.

Jay Edwards
Sec. Weiser Irrigation District
