RECEIVED  
MAR 27 2013  
Department of Water Resources  
Eastern Region

Nick, I spoke to both Laurie Small and Greg Shenton (I was able to catch them in the same location) regarding the request to appoint a watermaster and set the budget as proposed by Greg. Greg said the budget hasn't changed in about 10 years. I advised him to contact the other two water users and see if they are okay with the suggestion of having IDWR do the appointment or if they want to reschedule the meeting. I will get back to me on the question. I also discussed with Greg the possibility of combining this district with Medicine Lodge. He said there has been some discussion about that in the past but users in Medicine Lodge may not support it because there is a lot of additional travel time and mileage from Dubois to Birch Creek that they would not want to subsidize even though they may share costs in other areas like workers comp. I suggested that we could consider two assessment rates for the two areas to address the concern about mileage and travel time. WD32-C is actually having their meeting this afternoon so Greg said he would raise the question with those users. There are about 15 to 20 users in 32-C.

**ANNUAL WATER USERS MEETING  
BIRCH CREEK WATER DISTRICT #32-D**

**The Birch Creek Water District 32-D Water Users meeting was held March 12, 2013, 10:00 a.m. at the Clark County Annex Building, Dubois Idaho.**

**Those attending were: Greg Shenton, Watermaster; Brett Murdock, Deputy Watermaster; Mac Wagoner, Chairman; Laurie Small, Secretary.**

**By 10:23 a.m. a quorum was not formed. Chairman Mac Wagoner asked the secretary to mail out the watermaster's report and proposed budget to the other three water users, and write a letter to the director of IDWR to appoint a watermaster and set a budget for the 2013 water season.**

Water District 32-D  
P.O. Box 65  
Dubois, Idaho 83423  
March 12, 2013

Gary Spackman  
Director  
IDWR  
322 E. Front Street  
Boise, Idaho 83720

Dear Gary:

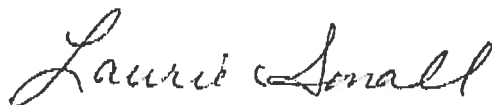

Water District 32-D/Birch Creek held their annual meeting today March 12, 2013 at 10:00 a.m. Due to only one water user attending we were unable to elect a watermaster and set an annual budget.

Under code 42-605, Chairman Mac Wagoner, asked secretary Laurie Small contact IDWR to request appointment of watermaster and set the annual budget for the 2013 water season.

Attached is the watermaster's report and proposed budget for the 2013 water season. Provided by 2012's watermaster Greg Shenton.

If you have any questions please contact water district secretary Laurie Small 374-5405.

Sincerely,

A handwritten signature in cursive script that reads "Laurie Small".

Laurie Small  
Water District 32-D Secretary

## 2012 32-D WATER REPORT

The 2012 diverted flows totaled 21,352 A.F. down 154 A.F. from last year (11) diverted and recorded flows.

Yearly Delivery is in Acre Feet

Year	Delivery	Year	Delivery	Year	Delivery
2012	21352	2007	18904	2002	23096
2011	21506	2006	20040	2001	24426
2010	19818	2005	20012	2000	25016
2009	19804	2004	21434	1999	24342
2008	16399	2003	23096	1998	12340

The Following measurements are stream bed losses taken by contract with U.S.G.S. between the reaches of Blue Dome Weir to the Birch Creek Powers Hydro Pond.

DATE	BLUE DOME WEIR TO HYDRO POND	START OF LINER TO HYDRO POND
5-30-12	12.8 C.F.S. LOSS	5.3 C.F.S. LOSS
7-25-12	12 C.F.S. LOSS	3.1 C.F.S. LOSS
10-4-12	16 C.F.S. LOSS	4.4 C.F.S. LOSS

### U.S.G.S. CONTRACT (2013)

The measurement reports including all sections measured are attached to this report. The weir on both ends of this reach gives us a very accurate measurement of the total reach as long as the weirs are properly maintained along with annual silt removal. The advantage of a weir is the fact that at any time you read it you get accurate and immediate flows.

## SNOW COURSE MEASUREMENTS

SITE	DEPTH	'13 WATER CONTENT'	'12 WATER CONTENT	% OF AVERAGE
Meadow Lake		12.3	10.3	109%
Beagle Springs	31 2012 32 2013	6.8	5.7	108%
Haun	28.5 2012 24 2013	3.75	4	89%
Spring Mountain	38.2 2012 41.4 2013	9.6	10.8	96%

The Haun and Spring Mountain sites are based on a twelve year average.

The Haun average is 4.2 inches of water.

The Spring Canyon average is 10.00 inches of water.

Beagle Springs 30 year average -- 6.3 inches

Meadow Lake 30 year average -- 11.3 inches

Snow measurements taken on February 26, 2013.

Snotel data acquired on February 28, 2013.
