The Annual Meeting of Idaho Water District 11-F
February 17, 2016
Geneva, Idaho

The annual meeting of Water District 11-F was held on February 17, 2016 in Geneva Idaho. Devon Boehme called the meeting to order. The minutes from the 2015 meeting were read by James Teuscher. The motion was made to except the 2015 minutes was made by Garth Boehme. The motion was seconded by Rodney Boehme. Vote was all in favor.

The advisory board elections were held next. The motion was made to keep the members on the board as is. The motion was seconded by Lavall Hirschi. Next the elections for water master and secretary were held. The motion was made to retain Joel Teuscher as water master and James Teuscher as secretary. The motion was made by Garth Boehme and seconded by Rodney Boehme. All elections were voted on and passed by all present.

Joel Teuscher reported on what took place over the water year 2015. Joel explained about the pond John Makoff installed in Soren Canyon. Joel Explained about the hearing that was held in Paris. There were two protests against the pond installation, they were Mr. Petersen and Lon and Rao Tueller. The district has the right to store 1000acref of water. This pond takes 4acref from the 1000acref total. Also the hearing made it mandatory for the water master to have a key so he can monitor the water in the pond.

Joel reported that there was plenty of water for the water users in 2015. Joel also reported that some of the water devices were not working at the end of the year. He stated that if the devices are not working for 2016 the water user will be assessed the full amount while the water is flowing through the device regardless if it is a full stream flow. This is to help the water user to fix the device so it measures correctly. The past way of threatening not to turn on the water did not work. An example was John Makoff. He was assessed more because his device is out of the ditch and he was sent letters stating the problem and still the device is not installed.

James went over the bank account with the group. The district spent \$3,956.89 on expenses and had income of \$4,706.02. The bank balance at the end of the year was \$5,313.52. The budget was gone through for 2016. The motion was made to accept the 2016 budget by Gary Teuscher and seconded by Erick Esterholdt. Rodney asked how the debits and credits worked on figuring the assessments. Joel was not sure, because every year the assessments change from having debits to credits.

Gary Teuscher made motion for the meeting to close and Garth Bohme seconded the motion. The meeting ended.

2016 Budget:
