Indian Valley, Idaho

Dear Mr. Peppersack:

After reading documents sent to us by the Dept. of Water Resources concerning the Drayp Creek Ditch, we feel compelled to respond.

The upper end of the Drayp Creek Ditch has not had any disputes about water. The only major problem has been this year with the Legg Family Trust. It is not fair nor just that all water users pay for their problems. Also we are not aware of new areas that have been recently cleared to be irrigated under the Drayp Creek Ditch. (Refer to item #4, second affidavit.)

Sincerely,

Ralph & Scotti Yantis
