Tim Luke  
Department of Water Resources  
Boise, ID 83720

Dear Mr. Luke,

First, I want to apologise for the incorrect information I sent to you.

As I hadn't called for this water right for years, I checked with the Department of Water Resources in Idaho Falls to make sure it was a legal water right. They assured me that it was and gave me the information I sent you.

After I received your letter I checked the Gown Book and found that they gave me the wrong water right no. The correct no. is - 74-0039B, priority date June 6-1901.
